Dear Senator Ernie Chambers,

#### STATE FAIR MOVING TO GRAND ISLAND

I am writing to you regarding the State Fair moving to Grand Island.

I believe that the idea of moving the state fair is not a wise idea. This would be a bad decision because of many things.

The State Fair moving to Grand Island wouldn't be the same. It has always been held in Lincoln, NE. I also don't think that it's fair that they only took the votes from the Legislature. They should have and still should ask the people. What do the people think of moving the fair?

This is a very important thing for me. It's a tradition that we always go to the fair. But now that it will be in Grand Island we probably won't be able to go. The fair being in Grand Island would probably keep many people including me and my friends from going. The fair would be just too far away.

I think that the State Fair should stay in Lincoln, NE.

Sincerely yours,

Alexis Kirschbaum, citizen
