Lincoln, NE 68509

STATE FAIR MOVING TO GRAND ISLAND

I am writing to you regarding the decision to move the State Fair to Grand Island.

I believe that moving the State Fair to Grand Island would be a great investment for the entire state as well as the University of Nebraska.

While researching the topic, I have found a great population of the people of the state of Nebraska that wouldn't mind the fair's move away from the densely populated Lincoln area. After the move to Grand Island, there would be much more room for more activities as well as tourists. After all, it is a shorter drive for the residents in western Nebraska. The university would also be at an advantage of this move because it would allow the university to develop many research facilities in hopes of attracting high-tech companies that would spread out the work of the university researchers.

I take this issue personally because I have participated in the fair and I know how great of a place it is, even though that means I'll have to drive a little further.

Please move the fair to Grand Island because it would benefit the state of Nebraska as well as the University of Nebraska.

Sincerely yours,

Alex Shriver
