

My last vacation or trip I took was to Kearney. It was for a gold volleyball tournament. I went with my team and some of the families that also went with us. We rode there on our bus. One of our coaches bought the bus or van type thing and made it for our team. He put Seward Crossfire on the outside and he has all of our numbers on the windows.

On the way there we stopped in Grand Island. It's always a tradition for our team each year when we go to the Kearney tournament that we're in that we stop in Grand Island. We always go shopping together as a team. In the past years we have just gone to the mall shopping, but this year we also went to a new store we saw. It was called Rue21. We had a blast in that store. We all bought at least a couple things there!

Once we got done shopping in Grand Island we drove to Kearney. When we got to Kearney, we checked into the hotel. It was a Holiday in that had slides in their pool. It was awesome! After we got checked in we went out to eat at Applebee's! All the players that went got different kinds of lemonade. We thought they put something in it because after we drank it we got really hyper!

After we got done eating we went back to the hotel and went swimming for a while. We also played some checkers and had some fun doing that! The next morning we had to get up early and go to the gym for volleyball. The pool play was really easy because we were a lot better than the teams we played, but once we got into the tournament there was more competition. The semi-finals was pretty close, but only went three sets and we won! The championship was a lot more difficult for our team though. It went three sets and was very close the whole game! In the end we won and we were extra excited! The t-shirts we won were awesome! That trip was very fun with my volleyball team.
