Senator Kent Rogert
P.O. P.O. Box 114,
Tekamah, NE 68061

Dear Senator Kent Rogert,

I am writing to you regarding the issue of abortion.

I believe that abortion should be allowed.

My first reason is that it is the parent's choice. If they feel that is the best decision to make, then they should be able to go through with it. If they are in the position where they can not handle a child, they shouldn't go through with it, and then have no way to take care of it.

The next reason I have to allow abortion is because it could reduce the amount of homeless children. If they were born, they may have no where to go. The parents may not be able to support the child, which creates problems for the child for its whole life.

I care because I do not like seeing the homeless children in child care. It is also sad to see parents struggle to take care of their child and themselves. It would be easier if they had the option of abortion.

I would like you to limit the laws of abortion.

Sincerely yours,

Chelsey Zitek
