RE: Reinstating the draft

Certified mail
Personal

Gov. Dave Heineman
State of Nebraska
Lincoln Office-State Capitol

Attention Gov. Dave Heineman

Dear: Gov. Dave Heineman

I am writing this letter to try and change you recent decision to reinstate the draft. I think that this is a very bad thing to do. I think that this would result in a negative affect towards the American government by the American people.

I disagree with reinstating the draft because of the young people that would have to join military service. I think that the key to a successful army is that all of the soldiers joined the military because they wanted to not because they had to. How can you have an army willing to fight when they have no choice but to fight.

America is known as the land of the free but how can people be free if we are forced to fight. I think that the people of America would try to fight the government both politically and militarily if this were to happen. In the declaration of independence it states that if there is something wrong with the government then it is up to the people to change it, and the draft is wrong so it would be up to us to form a new government.

I am writing this letter to try and change the mind of Dave Heineman decision to reinstate the draft. I think that the draft is immoral and should never be used again. The only thing the draft is good for is taking people and forcing them to

fight and die for there country, and America is supposed to be the home of the free. I deeply oppose this recent decision to reinstate the draft.

Sincerely,

Court Croghan
