Dear. Gov. Dave Heineman:

#### BORDER CONTROL

By not tightening our border control we are letting illegal immigrants in to the U.S. On Apr. 4, 2008 at 09:06 A.M. police found 7 illegal immigrants in a pickup. By not tightening our borders we are being unfair to other immigrants who come in legally.

My second reason for agreeing with tightening our border control is because U.S. workers wages and working conditions are hurt. According to the Immigration Reform Law Institute, U.S. workers wages and working conditions are hurt when employers discriminate in favor of cheap illegal alien labor. Therefore we are losing workers in the U.S. who could be helping their country out.

Finally my last reason for agreeing with tightening our border control is, in some cases students at school or colleges feel discriminated against when illegal immigrants come in and take over their school and demand that they receive special treatment. According to Immigration Reform Law Institute (IRLI), students experience discrimination when illegal aliens take over their schools and colleges and demand special treatment. By not tightening border security we are being unfair to students that go to school to help out our economy.

In conclusion I agree with tightening or border security. I say we do this because by not doing this we are letting illegal immigrants in to the U.S., workers wages and working conditions are hurt, students at school or colleges fell discriminated against when illegal immigrants come in and take over their school and demand that they receive special treatment. I hope that you to can see that we need to tighten our border security.

Sincerely,

Kaio Uhing
