

MY CAREER PROJECT

Wildlife Officer

Description: The career I chose is a wildlife officer. It is basically a police force job. You mainly target lakes and state recreation areas. You would patrol like a cop except do more for illegal hunting, fishing, alcohol at lakes etc.

Education: For this job you need 1-2 years of collage. You also need 12-14 weeks of police academy training. That's for a basic officer for chiefs or others you need much more.

Salary: The average salary is between 40,000 - 60,000. If you make it higher on the police force you would get more.

Job Outlook: This job is a wanted job. Many of the parks are full. It would be pretty hard to find a job but its all depending on your location.

Mechanic

Description: As a auto mechanic you would work on cars engines and chassis problems. You could open your own shop or work

for some one.

Education: For repairing vehicles you only really need your high school degree. But you would have better luck if you went into a community collage. 1-2 years of a community collage would be the best.

Salary: For a salary you could pretty get however much you wanted if you opened your own business. The average is between 11 and 21 dollars a hour. Recently some have earned up to 27 per hour.

Job Outlook: It would be a easy job if you new what you were doing. Most people start of the business were around it as a kid. I think it would be a fun job.

Body Man

Description: For an auto body repairer you would repair vehicles damage. You would have to no how to paint, repair, and replace old body parts. You could open up your own shop or work for someone.
