Dear Governor Dave Heinemann:

I am writing to you regarding abortion. The two main reasons I am going to cover are pro-choice and pro-life. I think abortion is very wrong and I do not agree with it.

I know that abortion is a very touching subject for many people, although there are the other people who don't care if they have abortion or not. Many of those people are the one's who have been raped or abused by the person and caused them miscarriage. On the other hand the people who want their kid and for it to be safe and alive, most of the time though they are forced to give up their child because of them still being a teenager. And their parents do not agree with them to have a child while still being a teenager.

Pro-life: I personally think that abortion is wrong. I believe that every human being has a right to live. If God gave you a gift of life you should accept it because everything happens for a reason.

Pro-choice: It is women's choice if she wants to have an abortion. People who decide to have an abortion should have counseling and decide if they really want to go through with it.

To conclude, I personally think abortion is wrong and no one should have to go through it. There are people out there who deserve to have a child and can not have one, I think people who are going to have an abortion should think about it and think about all of the people out there who want to have a kid and can't.
